

Miners Arms Community Pub Survey/ Questionnaire

Introduction

The Miners Arms closed its doors in 2020 and has not re-opened. This is about the possibility of a community purchase of the pub.

Community pubs are owned by members (sometimes known as shareholders) and are run democratically on the basis of one-member-one-vote.

The majority of community pubs are incorporated as Community Benefit Societies although they may also use Co-operative Society or Company legal form. Also looking into the Government 'Community Ownership Fund'

How to stay Informed

Via Facebook on local pages. Email updates (minersarms.community@gmail.com) Newsletters.

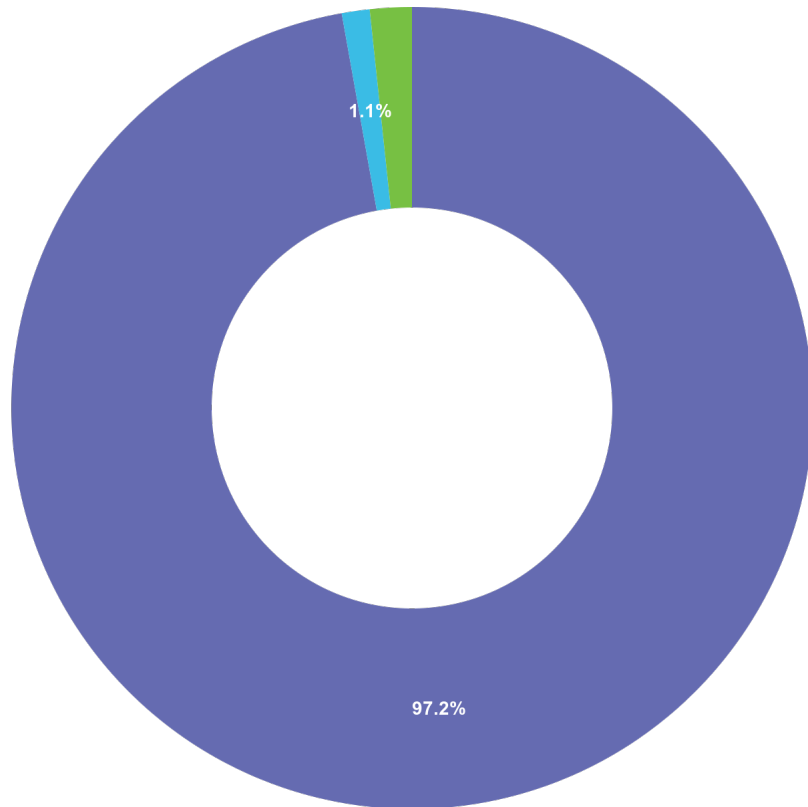

Consultation

As the committee develops the details of the plans to create the cooperative, we will consult with the local community to seek their view. The community we will consult will be all the residents of the trading area of the future pub, regular visitors to the area and the pub's future customers.

At this time, we would like to seek your views about the kind of pub you would like the 'Miners Arms' to be. Please complete the following questionnaire.
